Written description - Describe the site in the space below. Try to convey a mental image of the site's features (including vegetation,						
significant species, aquatic features, notable landforms, natural disturbances, scenic qualities, natural hazards, etc.):						
Evidence of disturbance - Describe any unnatural disturbance (e.g. livestock, grazing, structures, past logging, mining, plantations/orchards,						
etc.) and discuss management implications, threat to site, and/or why sought specimens or communities may no longer exist here:						

rrounding land use - Describe structures and land use practices in the surrounding area (e.g. abandoned chicken coop, tree house, forestry,
riculture, recreation, residential, etc.):
act ownership or managed area(s) - (names, addresses, phone numbers):

Topographic base map - Please attach a copy of the topographic base map and/or aerial photograph showing the site. Indicate precise element locations and or boundaries. Identify each element according to the codes noted on page 1.

searched, and show 1) the route taken, 2) any listed species/communities and their boundaries, and 3) landmarks. Include scale and indicate north.	area e
